| HS code    | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Unit  | Ordinary import duty | MFN | VAT                    |
|------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|----------------------|-----|------------------------|
| 8536.50.20 | Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp-holders and other connectors, junction boxes), for a voltage not exceeding 1,000 volts; connectors for optical fibres, optical fibre bundles or cables / - Other switches: / - - Over-current and residual-current automatic switches                                                                                                                                                                                                                                                              | chiếc | 15%                  | 10% | 8 / 10 (several rates) |
| 8536.50.32 | Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp-holders and other connectors, junction boxes), for a voltage not exceeding 1,000 volts; connectors for optical fibres, optical fibre bundles or cables / - Other switches: / - - High inrush switches; commutators for stoves and ranges; microphone switches; power switches for television or radio receivers; switches for electric fans; rotary, slide, see-saw and magnetic switches for air conditioning machines: / - - - Of a kind suitable for use in electric fans or in radio equipment | chiếc | 5%                   | 0%  | 8 / 10 (several rates) |
| 8536.50.33 | Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp-holders and other connectors, junction boxes), for a voltage not exceeding 1,000 volts; connectors for optical fibres, optical fibre bundles or cables / - Other switches: / - - High inrush switches; commutators for stoves and ranges; microphone switches; power switches for television or radio receivers; switches for electric fans; rotary, slide, see-saw and magnetic switches for air conditioning machines: / - - - Other, of a rated current carrying capacity of less than 16 A     | chiếc | 22.5%                | 15% | 8 / 10 (several rates) |

| HS code    | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Unit  | Ordinary import duty | MFN | VAT                    |
|------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|----------------------|-----|------------------------|
| 8536.50.39 | Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp-holders and other connectors, junction boxes), for a voltage not exceeding 1,000 volts; connectors for optical fibres, optical fibre bundles or cables / - Other switches: / - - High inrush switches; commutators for stoves and ranges; microphone switches; power switches for television or radio receivers; switches for electric fans; rotary, slide, see-saw and magnetic switches for air conditioning machines: / - - - Other                                                                                                                                                                          | chiếc | 22.5%                | 15% | 8 / 10 (several rates) |
| 8536.50.40 | Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp-holders and other connectors, junction boxes), for a voltage not exceeding 1,000 volts; connectors for optical fibres, optical fibre bundles or cables / - Other switches: / - - Miniature switches suitable for use in rice cookers or toaster ovens                                                                                                                                                                                                                                                                                                                                                           | chiếc | 22.5%                | 15% | 8 / 10 (several rates) |
| 8536.50.51 | Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp-holders and other connectors, junction boxes), for a voltage not exceeding 1,000 volts; connectors for optical fibres, optical fibre bundles or cables / - Other switches: / - - Electronic AC switches consisting of optically coupled input and output circuits (insulated thyristor AC switches); electronic switches, including temperature protected electronic switches, consisting of a transistor and a logic chip (chip-on-chip technology) for a voltage not exceeding 1,000 volts; electro-mechanical snap-action switches for a current not exceeding 11 A: / - - - For a current of less than 16 A | chiếc | 5%                   | 0%  | 8 / 10 (several rates) |
| 8536.50.59 | Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp-holders and other connectors, junction boxes), for a voltage not exceeding 1,000 volts; connectors for optical fibres, optical fibre bundles or cables / - Other switches: / - - Electronic AC switches consisting of optically coupled input and output circuits (insulated thyristor AC switches); electronic switches, including temperature protected electronic switches, consisting of a transistor and a logic chip (chip-on-chip technology) for a voltage not exceeding 1,000 volts; electro-mechanical snap-action switches for a current not exceeding 11 A: / - - - Other                           | chiếc | 5%                   | 0%  | 8 / 10 (several rates) |
| 8536.50.61 | Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp-holders and other connectors, junction boxes), for a voltage not exceeding 1,000 volts; connectors for optical fibres, optical fibre bundles or cables / - Other switches: / - - Other, make-and-break switches of a kind used in domestic electrical wiring not exceeding 500 V and having a rated current carrying capacity not exceeding 20 A: / - - - For a current of less than 16 A                                                                                                                                                                                                                       | chiếc | 22.5%                | 15% | 8 / 10 (several rates) |
| 8536.50.69 | Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, relays, fuses, surge suppressors, plugs, sockets, lamp-holders and other connectors, junction boxes), for a voltage not exceeding 1,000 volts; connectors for optical fibres, optical fibre bundles or cables / - Other switches: / - - Other, make-and-break switches of a kind used in domestic electrical wiring not exceeding 500 V and having a rated current carrying capacity not exceeding 20 A: / - - - Other                                                                                                                                                                                                                                                 | chiếc | 22.5%                | 15% | 8 / 10 (several rates) |

| HS code    | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Unit  | Ordinary import duty | MFN | VAT                    |
